Open Studios San Diego is a self-guided tour of studio artists throughout greater San Diego.

The event kicks off with an opening reception at The Studio Door in North Park from 6 - 9 PM on October 8, 2016, where you can familiarize yourself with local studio artists, see the variety of work available and pick up the special events schedule for the following weekend. Perfect party to figure out which artists and galleries you wish to visit, locate them on the art map, and plan your self-guided art adventure.

On the next weekend, participating studios and galleries will be open to the public from 10 - 5, Saturday and Sunday, on October 15 and 16, 2016. You'll find different experiences at every studio that you visit including a look into the unique process of where and how artists work, art demonstrations, refreshments, and other special activities. Best of all you will get the opportunity to purchase art directly from the artist.
